The Financial Assistance Program (FAP)

The AAMC does have a [Fee Assistance Program \(FAP\)](#) to help defray the cost of the MCAT and AMCAS application.

- **IMPORTANT NOTE!** You must apply for and be approved for the FAP before you sign up and pay for the MCAT. It is NOT retroactive!
- If you qualify for the FAP you also receive it for the AMCAS application (within a certain timeframe).
- If you miss the FAP eligibility by a tiny fraction, it can't hurt to contact the FAP Office directly. They are constantly changing their policy during COVID.
- If you do sign up for the MCAT before getting approved, you can still apply to get approved for the actual application process.

Nearest Testing Sites

Planning will be required to travel to your testing sites and may require leaving the day before to be at the site on time on test day.
