

Health Professions Program

Meet Your Pre-Health Peer Mentors!

Harshith Yallampalli '26

Co-Director of the Pre-Health Peer Mentor Corps

Harshith.Yallampalli.26@dartmouth.edu

Hi! My name is Harsh Yallampalli, and I am a '26! I currently live in the Bay Area, California, where I've been for most of my life. At Dartmouth, I am a Biology (Microbiology) and Economics major! On campus, I work with Dartmouth EMS as a board member in charge of educating/training members of the organization. I also do research at the Hoopes lab at Dartmouth-Hitchcock Medical Center (DHMC), looking at new radiation mechanisms/interventions for common forms of cancer. Additionally, I have also been a volunteer for the Veterans Hospital in White River Junction for the past year. In my free time, I love to run and spend hours playing pickleball next to the gym. I also enjoy picking up shifts at Upper Valley Ambulance and helping those in the New Hampshire region. If you have any questions or just want to chat, give me a call! I am looking forward to this year and cannot wait to meet everyone!

Onyeka Ozuzu '26

Co-Director of the Pre-Health Peer Mentor Corps

Onyeka.Ozuzu.26@dartmouth.edu

Hi, y'all! My name is Onyeka Ozuzu, and I'm a '26 born and raised in Houston, Texas. I'm majoring in Neuroscience on the pre-med track. On campus, I currently work as a study coordinator for the Goods Lab in the Thayer School of Engineering, and I am a member of the Nathan Smith Society. Off-campus, I work as an Ophthalmic Assistant and do research in the Anesthesiology Department at Dartmouth-Hitchcock Medical Center. I also volunteer at the Listen Food Pantry in Lebanon and at the Jack Byrne Center for Palliative Care. I recently began working as a Teaching Fellow for an education equity group, so I am excited for that. Outside of school, I enjoy reading, listening to music, spending time with friends, and exploring new places around the Upper Valley and East Coast. I'm excited for this year, and I look forward to meeting y'all! Please feel free to reach out if you have any questions or just want to talk!

Sudi Zhao '26

Co-Director of the Pre-Health Peer Mentor Corps

Sudi.A.Zhao.26@dartmouth.edu

Hi! My name is Sudi, and I am a '26 from Lexington, Massachusetts, studying human biology and computer science. I'm a volunteer in the emergency department at both the Dartmouth-Hitchcock Medical Center (DHMC) and Lahey Medical Center, and this has been one of the most rewarding experiences I've had in college, as I am able to help patients and their families directly. I'm also conducting research in the Halter Lab at Thayer, where I'm involved in a project studying the efficacy of a cutting-edge navigation tool designed to enhance surgical precision. This past summer, I had the opportunity to present my work at an international conference! Prior to this, I spent 1.5 years in the Wang Lab at Geisel, working on data analysis and visualization of single-cell RNA datasets; I even dove into research full-time during my freshman summer. I've also shadowed a wide range of departments, such as orthopedics, geriatrics, and plastic reconstructive surgery, at the DHMC through the Nathan Smith Society, which has helped me gain insight into the day-to-day lives of physicians.

Outside of academics, I'm passionate about sailing and am thrilled to serve as captain this year (last year, I was the Vice Commodore) of the varsity sailing team after walking on my freshman year. When I'm not on the water, I love lifting with my gym buddies, enjoying movie nights with friends, 3D printing random little things, taking 0.5s, and soaking up the sun! I am looking forward to another adventurous year! Feel free to reach out — can't wait to meet you all!

Tyler Amell-Angst '26

Co-Director of the Pre-Health Peer Mentor Corps

Tyler.J.Amell-Angst.26@dartmouth.edu

What's up! My name is Tyler Amell-Angst '26, and I am from Chevy Chase (like the actor), Maryland, right outside of D.C. I am majoring in Neuroscience and Hispanic Studies, and am floating the idea of a Chemistry minor. Outside of classes, I am the Community Training Officer of Dartmouth EMS, I work in the Gaur Lab in the Neurology Department at Dartmouth-Hitchcock Medical Center (DHMC), and I am an Eichler Fellow with the Dartmouth Healthcare Foundations program. When I can get off campus, I work as an EMT at Upper Valley Ambulance, and I volunteer as a clinic aide in the Same-Day Surgery Clinic at the Veterans Affairs Hospital. I have spent some time during off-terms working on the dopaminergic reward pathway at the National Institute on Drug Abuse with the NIH and researching the efficacy of new spinal surgery techniques at the National Spine Health Foundation. I studied abroad in Buenos Argentina, on a Spanish LSA+ where I did nothing pre-med related whatsoever. To relax, I enjoy dominating the pickleball courts, trying new breakfast spots in the Upper Valley, and watching Green Bay Packers games. I am super excited to be a pre-health mentor this year and cannot wait to meet you!

Angie Kumah '27

Angie.Kumah.27@dartmouth.edu

Hi! My name is Angela Kumah, I am a '27, and I currently reside in Upstate NY. At Dartmouth, I am majoring in Biology and WGSS. On campus, I am involved in the National Society of Black Women in Medicine (NSBWM), Minority Association of Pre-Health Students, Dartmouth African Student Association, the National Council of Negro Women, and Social Venture Incubator. In addition, I am also involved in the Dartmouth Dance team and the Soyeya African Dance Troupe. I have been greatly involved in volunteering at my local hospital in the past year and am a member of the HEx lab at DHMC. In my free time, I love dancing and self-care modes of maintenance. Please don't hesitate to reach out with any questions or just to chat! Looking forward to connecting with you all. 😊

**Autumn Clark '26**

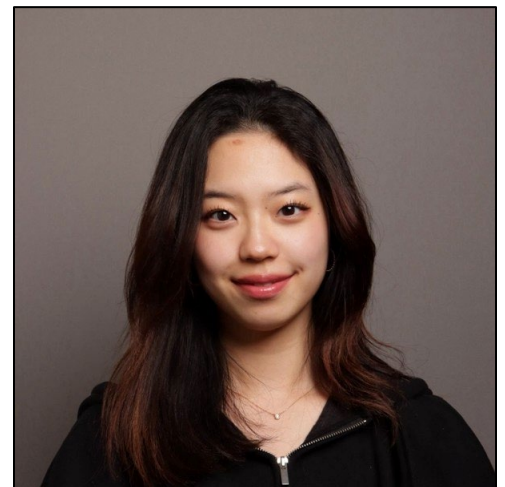

Autumn.E.Clark.26@dartmouth.edu

Hi! I'm Autumn Clark, a '26 from Peachtree Corners, Georgia. At Dartmouth, I'm majoring in Biochemistry with a minor in Jewish Studies. On campus, I captain Varsity Track & Field, serve as Head of Risk and Inter Greek Life for Alpha Xi Delta, am a part of the Nathan Smith Society, help lead Athletes Bible Study, and sit on the Student Athlete Advisory Committee. I'm a Teaching Assistant for General Chemistry labs, a cancer researcher at the Elemental Trace Lab at the Geisel School of Medicine, and I've contributed to a three-year project on virtual imaging of the osteopathic mandibular nerve at Dartmouth Hitchcock. I care a lot about service, with more than 450 hours coaching middle school volleyball and more than 200 hours volunteering at Northside Hospital in Duluth, Georgia. During my off-term, I TAed Chem 11 lab and began my cancer research. For fun, I love to snowboard, watch movies with friends, and go apple picking around the Upper Valley. I'm excited to connect this year!

**Chae Lee '26**

Chae Hyun.Lee.26@dartmouth.edu

Hi! My name is Chae, and I'm a Mathematics modified with a Biology major with a Film minor at Dartmouth. I was born and raised in South Korea, but I currently live in the Twin Cities, Minnesota, and went to high school here. On campus, I serve on the executive board of the Nathan Smith Society (NSS), volunteer at the Dartmouth-Hitchcock Medical Center (DHMC), and conduct research with The Dartmouth Institute (TDI) and Geisel focused on maternal health as well as AI and mental health. I've spent an off-term through a program at Columbia University Irving Medical Center, doing research and a hybrid internship at the NYC Department of Health, and I am super interested in bridging public health and clinical medicine to advance equitable care. If you have any questions or just want to chat, please reach out! I am looking forward to this year and cannot wait to meet everyone. 😊

Cynthia Flores Hernandez '26

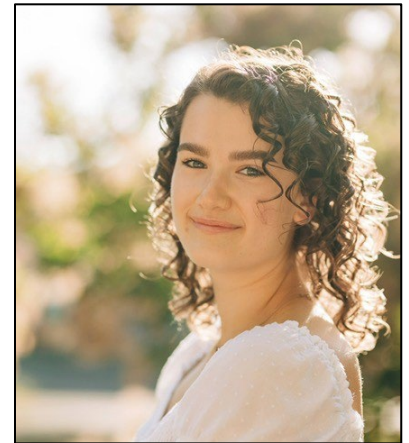

Cynthia.Flores.Hernandez.26@dartmouth.edu

Hey everyone! My name is Cynthia Flores Hernandez, and I am a '26 from Los Angeles, CA. I am a Biology and Computer Science double major with a concentration in Ecology on the pre-dental track. This past winter, I studied abroad in Costa Rica and the Cayman Islands on the Bio FSP, where I was able to conduct field research (terrestrial and aquatic) for eight different original research projects. I have also done translational work for the Biology FSP program and edited the research books published, containing student research done on the study abroad program. On campus, I work in the Ayres Lab focusing on bird bioacoustics research. I have also been a TA for CS50 for two terms and am hoping to continue doing so this fall! Over the summer, I have been shadowing a general dentist and assisting a traveling periodontist during his dental surgeries, where I have been fortunate enough to get a lot of hands-on experience and learn from a variety of different dentists/practice owners from all the offices I have visited. I also just finished applying to dental school and am open to talking about the application process as well as preparing for the DAT. I also serve as co-president of the Dartmouth Pre-Dental Club and help in volunteer initiatives, as well as bringing resources to other pre-dental students at Dartmouth. In my free time, I love catching up with my friends, watching baking shows, getting cute little drinks, and learning new design techniques for my nails. You can also catch me outdoors hiking, birding, and basking in the sun. If you have any questions (about literally anything) or are just interested in chatting, feel free to reach out at any time! I look forward to meeting all of you. 😊

**Emma Cory '26**

Emma.L.Cory.26@dartmouth.edu

Hi! My name is Emma Cory, and I am a '26 from Portland, OR! At Dartmouth, I am a Biology major and a Global Health and French minor. On campus, I am a member of Dartmouth EMS, I play on the club volleyball team, and I am an SVPP facilitator. Additionally, I do brain cancer epidemiology research with the Gaur lab. I have also squeezed in two terms studying abroad in France! In my free time, I'm currently training for a half-marathon, and I love to sew. I'm always happy to chat about EMS or study abroad, and I am looking forward to this year!

**Gabe Brigham '26**

Gabriel.A.Brigham.26@dartmouth.edu

Hi there! My name is Gabe Brigham, and I am a '26! I grew up in Goffstown, New Hampshire, but just spent the summer living in Charleston, SC! At Dartmouth, I am a Sociology and Psychology major! On campus, I am a researcher in the Open Recordings Lab at Geisel, where we analyze communication between physicians and dementia patients. I'm also a volunteer for SIBS, am on the Nathan Smith Society Leadership Committee, and have been a Learning Fellow for SOCY1. On top of this, since high school, I've worked as a Certified Nursing Assistant in an advanced Alzheimer's and dementia care unit. This recent spring and summer, I spent my off-term working at the Medical

University of South Carolina as a researcher in cancer patients' cannabis use, as well as a second internship where I worked as a researcher for Baylor College of Medicine, where I was a researcher in the implementation of psychedelic-assisted therapy! Outside of these, I love to watch movies and write reviews of them, play basketball, and collect vintage clothing. If you want to talk about anything or want any advice, feel free to reach out!

Hannah Maccarone '26

Hannah.Y.Maccarone.26@dartmouth.edu

Hi! My name is Hannah Maccarone, and I am a '26! I am from Eagan, Minnesota, and I absolutely love the Midwest. At Dartmouth, I am a psychology major and anthropology minor. On campus, I have worked in the Social Identity & Dialogue (SID) Lab in the Psychological and Brain Sciences Department since my sophomore year, and I absolutely love being able to apply my psych major to contribute to active and exciting research! I also volunteer at the Dartmouth-Hitchcock Medical Center (DHMC), having conversations with patients about their care experience at DHMC. In my off-terms, I have done internships through the Center for Professional Development and the Dartmouth Center for Social Impact at non-profit community clinics and research labs. Volunteering/interning at non-profit clinics has provided me with life-changing experiences and a better understanding of a very important side of healthcare that I hope to contribute more to in my future. Some of my other engagements on campus include co-chair of the Dartmouth Organic Farm Club (sub club of the Dartmouth Outing Club), DEI leadership roles, and I played for the Dartmouth Women's Rugby team for the past three years! In my free time, I love to do yoga, cook, craft, and go on hikes with friends. I also love to travel and have had the incredible opportunity to participate in the Anthropology study abroad in New Zealand, and I will be participating in the upcoming Vietnam study abroad as well. If you have any questions about pre-health or just want someone to talk to about this whole new and wild college thing, please reach out! I am super excited for this next year!

Katherine Tang '27

Katharine.R.Tang.27@dartmouth.edu

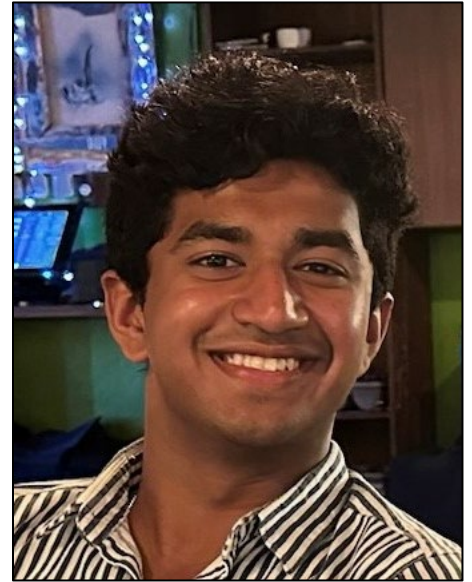

Hi! My name is Kat Tang, and I am a '27 studying Biology and Chinese. I am from Long Island, New York, and want to live in Manhattan after graduation. On campus, I do research in the Ghosh Laboratory (studying how naturalistic environments influence the *C. elegans* nervous system and fecundity) and am part of The DREAM Program. Additionally, I volunteer in the Emergency Department at DHMC, at Maynard House, and at Dothan Brook School through DCSI. I love rollerblading around Occom, playing pickleball, and finding new Chai lattes to try around Hanover. You can also find me working at Scoops Ice Cream every now and then! Please reach out to me with any questions or if you just want to chat. I am so excited to meet you all and offer any guidance that I can regarding class selection, research opportunities, healthcare-related jobs, or anything else. 😊

Kavin Kathir '26

Kavin.L.Kathir.26@dartmouth.edu

Hey! I'm Kavin Kathir, and I'm a '26 from Cheshire, CT. I'm a Psychology major with a Chemistry minor on the premed track, aspiring to go into orthopedics. I research in the Hixon Lab, a biomedical engineering lab focused on tissue engineering and regenerative medicine. My specific projects have to do with 3D-printed bone mineral scaffolds and cryogels for critical bone defects. I've volunteered with many adaptive sports organizations, including Special Olympics and Gaylord Health, as well as local hospitals in Connecticut. During my Spring 2025 off-term, I worked as a Medical Assistant in a rheumatology clinic, where I gained valuable hands-on experience by scribing for clinicians and providing preliminary diagnoses. In my free time, you can find me going to the gym, watching the Patriots game while checking my fantasy team, hanging out with friends, watching Suits or Ted Lasso, or pretty much playing any sport; soccer and volleyball are two of my favorites. Excited to meet you all!

**Marit Uyham '27**

Marit.A.Uyham.27@dartmouth.edu

Hi! My name is Marit UyHam, and I am a '27 from Atlanta, GA. At Dartmouth, I am a biology major (with a concentration in human biology) and a chemistry minor. I have also taken several classes in each of the computer science, psychology, and ASCL departments! This past year, I have worked in the Goods Lab in the Thayer School of Engineering, where I have helped analyze RNA-sequencing datasets that provide insight into ovulation dynamics in mice. I will be starting a research internship in the Curiel Lab at the Dartmouth-Hitchcock Medical Center (DHMC) this fall. I am also a mentor for the Women in Science Program. When I am at home, I volunteer as a Spanish interpreter at a local food pantry, and I also have a certificate of training in medical interpretation. Some of my favorite classes at Dartmouth have been endocrinology, immunology, environmental chemistry, and introductory Japanese! Please feel free to reach out with any questions; I am so excited to meet everyone this fall!

**Mayada Giha '27**

Mayada.S.Giha.26@dartmouth.edu

Hello!! My name is Mayada Giha, and I am a '26 from Boston! I am majoring in Biology with a concentration in Human Biology. On campus, I serve on the executive board for the National Society of Black Women in Medicine as the Director of Membership, I am a Pathways to Medicine scholar and intern, and a trained peer supporter for the Student Wellness Center. I have been able to shadow health professionals in Hematology, Emergency Medicine, and Dermatology through the Nathan Smith Society. Through Dartmouth, I have also had the opportunity to study abroad in Morocco! During my off terms, I have worked as a pharmacy technician, participated in the SHPEP program at the Columbia University

Irving Medical Center, and interned at Boston Healthcare for the Homeless through the Dartmouth Center for Social Impact community health internship. For fun while on campus, I love crocheting/painting, watching movies, and going for scenic walks. Whenever I am in the city, I love dressing up with my friends and exploring the city to try out new cafes/restaurants! I am so excited to meet you all—it's going to be a great year!

Minwoo Kwon '27

Minwoo.Kwon.27@dartmouth.edu

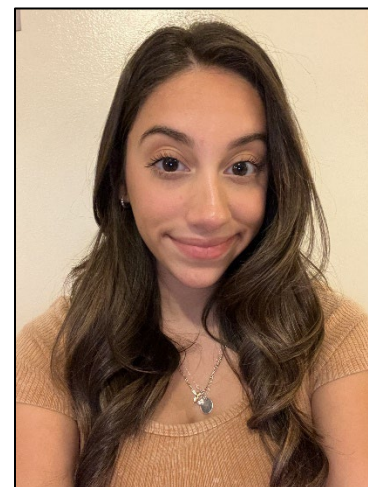

Hello! My name is Minwoo, and I am a '27 from Seoul, South Korea. I am majoring in Chemistry and minoring in Math and Global Health. On campus, I am part of the Gonzalez group in the Chemistry Department, working on research on Metal Organic Cages (MOC). I have shadowing experiences at dental clinics in Hanover, Atlanta, and back home in Seoul. Recently, during my off-term, I worked at the International Vaccine Institute (IVI), where I collaborated with epidemiologists at the St. Francis University College of Health and Allied Sciences in Tanzania on a systematic meta-analysis of monkeypox studies in Africa. My hobby is running! I love running the Occom mile or exploring other parts of campus on long runs. Super excited to get to know all of you guys! If you have questions on course selection, deciding majors, career opportunities in the health field, research opportunities, or any other questions in general, feel free to reach out.

Nazarelie Rodriguez '26

Nazarelie.J.Rodriguez.26@dartmouth.edu

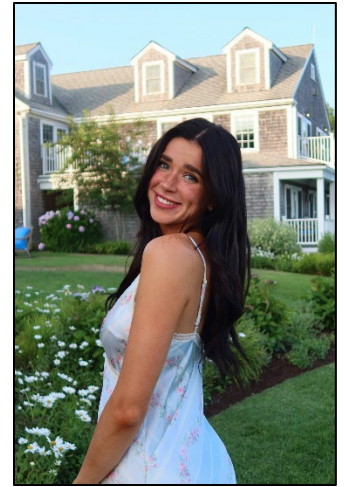

My name is Nazarelie Rodriguez, and I am a '26. I am from Springfield, Massachusetts, and have lived there all my life! I am Puerto Rican. At Dartmouth, I am a Biology major concentrating in Biochemistry, and a Sociology major modified with Women's, Gender, and Sexuality Studies (WGSS). On campus, I have been involved in many different groups and clubs. I was a part of the America Reads program, a member of the Nathan Smith Society, and a former Pathways intern. Through the Nathan Smith Society and interning at Baystate Medical Center, I have had the opportunity to shadow in the ER, the NICU, Pediatric ER, and a Gynecologic Oncologist clinic. During my freshman summer, I interned at Baystate Medical Center again, where I conducted research analysis on drug misuse and treatments in my city. This past summer, I worked in the Neonatal Intensive Care Unit at Baystate Health, gaining both research and clinical experience. Some of my favorite things to do include going for runs, reading, going to the movie theater, spending time with my friends and family, as well as cooking whenever I get the chance! I am so excited for this year and cannot wait to meet you all!

Olivia Colbert '27

Olivia.G.Colbert.27@dartmouth.edu

Hi everyone! My name is Olivia Colbert, and I am a '27 from New York City. I'm double-majoring in Biology (Genetics) and Native American Studies. On campus, I'm involved with Dartmouth EMS, the Dartmouth Undergraduate Biology Society, Health Access for All, and the Nathan Smith Society. I also work as a tour guide and reception area assistant for the admissions department. In terms of research, I work in the Ayres Lab, studying the effects of emerald ash borer on forest health by analyzing leaf litter and invertebrates, and I also work in the Landino Lab at The Geisel School of Medicine, where I study cell cortex dynamics. Outside of academics, I love running, traveling, and playing pickleball on the weekends with my friends. I'm really looking forward to getting to know everyone this year. Please reach out to me if there is anything you would like to chat about!

**Om Shah '26**

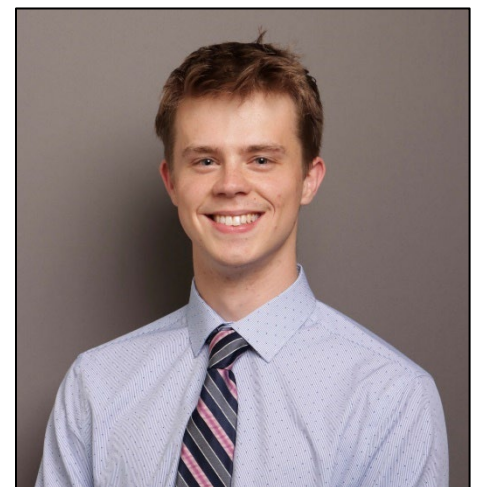

Om.P.Shah.26@dartmouth.edu

Hello everyone! My name is Om, and I'm a '26 from Morganton, North Carolina. Outside of pre-med courses, I'm an Anthropology major modified with Biology! I volunteer in the Patient Support Corps at DHMC, did an internship for Health Tech Without Borders, and am a Global Health Fellow at the Dickey Center. I am involved in research within Dartmouth's Department of Psychological and Brain Sciences under the guidance of Professor Manning. Our work focuses on analyzing EEG data to better understand the neural mechanisms underlying learning processes and to optimize strategies for enhancing learning outcomes. I recently spent my summer as an EMT back home, and kicking off my MCAT studying. You'll often see me around campus playing pickleball, watching the Panthers play each Sunday, and going on runs. I am looking forward to meeting you all!

**Patrick Herrin '25**

pherrin484@gmail.com

Hi everyone! My name is Patrick Herrin, and I'm a '25 from Essex Junction, Vermont. I'm fortunate to be staying close to campus while taking a gap year and applying to medical school, and I'm really looking forward to sharing insights from my time as a pre-med at Dartmouth with you! During my gap year, I'm living across the river in Wilder and working as a clinical research coordinator at the DHMC Ophthalmology Clinic. I graduated this past spring with a major in Biochemistry with a minor in Neuroscience. Before graduating, I was a mentor with the Outdoor Leadership Experience program, a TA for the Organic Chemistry labs, and a first-year trips leader. I also did research in the chemistry department and competed with the Dartmouth Club Soccer and Club Nordic Ski teams. One highlight of my Dartmouth experience was studying abroad in Buenos Aires, and I would love to talk about studying abroad as a pre-med! Back home in Vermont, I volunteer at a local food shelf and work as a medical assistant in a family medicine clinic. Some of my favorite things to do include hiking in the White Mountains, playing piano, and eating ice cream. I'm so excited for this year and meeting you!

Purnika Poudel '27

Purnika.Poudel.27@dartmouth.edu

Hi! My name is Purnika Poudel, and I'm a '27 from Rochester, New Hampshire. I'm an Anthropology Major and an International Studies Minor. On campus, I'm involved in Dartmouth EMS and have even become a CPR Instructor through the organization. I'm also involved in Strengthening Educational Access at Dartmouth (SEAD) through the DCSI, Council on Student Organizations (COSO), DOC Farm Club, and Greek life. In high school, I got my Certified Clinical Medical Assistant (CCMA) and a Certified Phlebotomy Technician (CPT) certifications and have worked as a phlebotomist at my hometown hospital for the last two years. As a phleb, I've worked in outpatient, inpatient, and in the emergency department during all different shift times! When I'm home, I also volunteer with Gather, a mobile food pantry in the greater NH seacoast area. In my free time, I love to read, soak up the sun outside, go shopping, and hang out with my friends. I'd love to talk about my commitments on campus and my experiences as a phleb, so while I am off 25F, feel free to call, text, or email me whenever! Looking forward to meeting and getting to know you all!!

**Rachel Hall '26**

Rachel.E.Hall.26@dartmouth.edu

Hi everyone! My name is Rachel Hall, and I'm a '26 from Charlotte, North Carolina. I'm on the pre-veterinary track, so I'm a biology major and an ENVS minor. I've worked in a variety of animal-related fields, including vet clinics, animal shelters, and more. In the summer of 2023, I studied abroad in South Africa to work with lions and other native wildlife, and I spent my junior year off term as an intern at a rescue and rehabilitation facility for orphaned black bear cubs. At Dartmouth, I'm captain of the Women's Club Ice Hockey team and co-chair of the Pre-Vet Society. I also regularly volunteer at the Upper Valley Humane Society! In my free time, I love watching UNC basketball games with my family, exploring the outdoors with my friends, and petting random dogs on campus. My passions involve animal rescue work and conservation efforts, and I hope to include both in my professional career. I can't wait to get to know all of you!!!

**Rishab Sanjeev '27**

Rishab.A.Sanjeev.27@dartmouth.edu

Hi! My name is Rish Sanjeev, and I am a '27 from Sherborn, Massachusetts, also known as "just outside of Boston." At Dartmouth, I am majoring in Biological Chemistry, Cognitive Science, and Music. On campus, I am involved in SEAD at the Dartmouth Center for Social Impact, working to mentor first-gen-low-income students through college applications. Additionally, I am collaborating on the AED expansion program through Dartmouth EMS and am a part of the fundraising team through Camp Kesem, a summer camp for children whose parents have cancer. I also do research at the Halpern lab on campus, focusing on dissecting and imaging zebrafish brains, and volunteer at DHMC through the Patient Support Corps program. I am a lover

of all things cinema/food/music and have an incredible knack for any form of sport or board game. If you have any questions or just want to chat about anything, give me a call! You can always find me playing table tennis, vibing throughout campus, or demolishing a game of spike ball outside. I'm so excited to be a pre-health mentor, and I can't wait to meet everyone!

Samuel Braveman '27

Samuel.J.Braveman.27@dartmouth.edu

Hi everyone! I'm Sam Braveman, a '27 from Columbus, Ohio. I'm studying biology (genomics) modified with computer science with a minor in global health! On campus, I am one of the co-directors for Camp Kesem, a summer camp for children whose parents are affected by cancer, and I do more cancer-related service and advocacy work through the American Cancer Society. I am also a learning fellow for some of the introductory biology classes, a certified NREMT, and have worked as a technician in a Level 1 Trauma Center. Recently, I've been studying brain tumor classifications and development in the Christensen Lab at DHMC. I also like to run, go to the gym, talk sports (big on fantasy football), and I'm a member of Phi Delta Alpha, a social fraternity. Please reach out with any questions, and I'm excited to meet you all!

Simon Richardson '27

Simon.W.Richardson.27@dartmouth.edu

Hello! My name is Simon Richardson, and I'm a '27 from Boise, Idaho. I'm majoring in Biology, and I transferred to Dartmouth after my freshman year. On campus, I'm a volunteer mentor through DCSI's SIBS program and a member of the Club Water Polo team. I also work as a research assistant in the Cramer Lab at Geisel, where I help study fungal biofilms. In my free time, I love spending time outdoors, skiing, backpacking, and mountain biking. I also enjoy playing golf and tennis.

Sophie Menyhart '27

Sophie.E.Menyhart.27@dartmouth.edu

Hi! My name is Sophie Menyhart, and I am a '27 from Barnstable, Massachusetts. Alongside my academic commitment to the pre-health track, I am a double major in Biological and Psychological Sciences. On campus, I am a member of the Varsity Sailing Team, which has also led to my role as a representative on the Student-Athlete Advisory Committee. I am also an active member of the Eta Xi chapter of Kappa Delta sorority, through which I have helped serve our immediate Upper Valley community, including supporting David's House, which is an extension program of DHMC. I have participated in the shadowing program at DHMC through the Nathan Smith Society on campus, and I am looking forward to my off-term this upcoming winter, for which I am currently applying to work as a volunteer at a Boston-based hospital.

In my free time, I love taking advantage of my surroundings, whether that is skiing, hiking, getting on/in the water (river, lake, and ocean included) whenever possible, or simply enjoying the company of my friends on campus. Please don't hesitate to reach out with any questions, and I look forward to getting to know everyone and helping you navigate your pre-health journey in a way that works best for you!

Vianey Chaves '27

Vianey.Chavez.27@dartmouth.edu

Hi!! My name is Vianey Chavez, and I am a '27 at Dartmouth! I am from Los Angeles, California. I'm a Neuroscience major with a potential minor in African American Studies or Education. On campus, I am involved in different clubs and organizations. I am a part of Dartmouth EMS as a tertiary member. I have also participated in Pathways to Medicine. I have participated in shadowing under the Nathan Smith Society Shadowing Program. I am a part of FUERZA, which is an organization that helps and supports farm workers in the upper valley. Most importantly, I spend a lot of time doing research on campus. I've been working in a lab at the Dartmouth-Hitchcock Medical Center (DHMC) since the start of my freshman year under URAD, and I am currently a fellow under the E.E. Just Research Fellowship, conducting research on Lupus Disease. I am a part of multiple loving communities like La Casa and Dartmouth Taekwondo. Lastly, volunteering is one of my biggest interests; therefore, I form part of different organizations outside of campus that support and help out communities in need. Outside of academics, I enjoy running, hiking, swimming, and painting. I truly enjoy doing anything that will make me laugh and smile. Looking forward to meeting everyone :)

Willow Stein '26

Willow.L.Stein.26@dartmouth.edu

Hi everyone! My name is Willow, and I'm a '26 from Los Angeles. I am majoring in Linguistics modified with Sociology and minoring in French, along with tackling the pre-health coursework. On campus, I am the Director of Operations for Dartmouth EMS and love spending time taking shifts or teaching CPR courses. I am a member of the Student and Presidential Committee on Sexual Assault, and I facilitate Sexual Violence Prevention Project sessions through the Student Wellness Center. During my off terms, I have worked as an EMT, interned at a community health non-profit, and done research in the Linguistics Department. I studied abroad on both the LSA+ and FSP in the French Department, and I love exploring new places. In my free time, I like to crochet, listen to showtunes, and hang out in the pottery and jewelry studios. I can't wait to meet you all!
